

Energy Saving

When it is bright just turn off the light

Make the earth happy, go make it right!!!!

No more tumble dryers,

Hang your clothes on wires!!

Don't spend too long in the shower 'cause

You're wasting all the power!!!

If your laptop is charged you should just plug it out

We never really think 'cause we don't give a doubt!!!

All the computers, the projectors as well.

Should all be turned off when you hear the bell.

So thanks for reading, I hope you enjoyed

My small little poem... YOU SHOULDN'T BE BORED!!!!

😊 By Dida 😊
